## PAPER CUP FLOWER

ACTIVITY DEvised BY SCRIBBLE & SMUDGE

### You will need

- Paper cup
- Coloured paper/newspaper/magazine
- Paint
- Glue
- Scissors
- A whole punch (optional)

1. Choose one colour for the petals and another for the centre of the flower. You can either use painted/coloured paper or look through newspapers/magazines and cut out pictures with those colours. Rip into little pieces and set aside.
2. Take your paper cup and cover the inside with glue.
3. Stick the coloured paper or torn newspaper/magazine cuttings for the petals (make sure they're colour-side up) on to the inside of the cup.
4. To make the petals, cut the cup with several slits from the rim to 3cm away from the base, then curl them back on themselves.
5. Now take the coloured paper or ripped newspaper/magazine cuttings in the colour you chose for the centre, screw up into a ball and stick to the inside base of the cup.
6. Leave everything to dry (check after an hour).
7. Hole punch (or just cut into small circles with scissors) some more coloured paper or newspaper/magazine cuttings to make seeds.
8. Cover the centre with glue and sprinkle the seeds over. Shake off any that haven't stuck.
9. If you like, you can mount the flower on to a stick or rolled tube of card.
10. Take a photo and share it with us on Instagram (@morrisingallery) or Twitter (@wmgallery) using the hashtag #WMMGFamilies

William Morris loved flowers!  
Here's a wallpaper he designed  
called Wild Tulip
